

UCHRA
Van Buren County Head Start

Date: _____

Dear Parents and Guardians,

We appreciate all the support and help that our Head Start families give. However, it is again that time to remind you of our need for volunteers throughout the year. We need family support all through the school year but, we also need volunteers that we can keep on file who can be called in to substitute in times of need when a staff member has to be off. Any of you who can and will give of your talents and your time, please be sure to let us know. We really do appreciate anything you can do to help us.
